

"CASCARETS" ACT ON LIVER, BOWELS

No sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passage every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret at night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's Recipe to Darken and Beautify Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair. A well-known druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Adv.

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

According to this it would seem that a medicine for the kidneys, possessing real healing and curative properties, would be a blessing to thousands.

Dr. Kilmer & Co., Binghamton, N. Y., who prepare Dr. Kilmer's Swamp-Root, the well-known kidney, liver and bladder remedy, claim that judging from evidence received from druggists everywhere, who are constantly in touch with their customers, and also indisputable proof in the form of grateful testimonial letters from thousands of reliable citizens, this preparation is remarkably successful in sickness caused by kidney and bladder troubles. Every interesting statement they receive regarding Swamp-Root is investigated and no testimonial is published unless the party who sends it is reported of good character. They have on file many sworn statements of recoveries in the most distressing cases. They state that Dr. Kilmer's Swamp-Root is mild and gentle in its action and its healing influence is soon noticed in most cases.

Swamp-Root is purely an herbal compound and Dr. Kilmer & Co. advise all readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—50c. and \$1.00. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper. Adv.

ALLIES FORCE DARDANELLES

"IMPREGNABLE" DEFENSE OF THE TURKS FALLS BEFORE MODERN GUNS.

MOSLEM CAPITAL IS MOVED

And Constantinople, the City of a Thousand Sieges. Must Once More Know the Flag of the Invader.

London.—The forts at the entrance of the Dardanelles have been levelled before the attack of a combined Anglo-French fleet. The Turkish capital has been removed to Broussa, in Asia Minor, and the fall of Constantinople, over which the Star and Crescent has waved for four and a half centuries, is a matter of days and hours.

The allies report only one Turkish shell hitting a ship and this killed three men.

The new battleship Queen Elizabeth, one of the largest members of the British fleet, took part in the bombardment. This is the first time, it is stated, in which 15-inch naval guns have been in action. The Queen Elizabeth, a vessel of 7,500 tons has eight 15-inch guns.

The admiralty statement follows: "The entrance to the Dardanelles was guarded by four principal forts, namely, Cape Helles Battery, Fort Seddul Bahr, Fort Orkhanieh Tabia and Fort Kum Kalossi Tabia, which will be described for convenience as A, B, C and D. These forts were armed as follows:

"A—Two 5.2 guns.

"B—Six 10.2 guns.

"C—Two 5.2 guns.

"D—Four 10.2 and two 5.2 guns.

"The weather having improved although the wind was still from the southwest, the attack on these forts was resumed Thursday morning (February 5) at 10 o'clock.

"The Queen Elizabeth, Agamemnon, Irresistible and Gaulois began by deliberately bombarding forts A, B, C and D respectively at long range.

"Fort A replied. One shell at 11,000 yards hit the Agamemnon, killing three men and seriously wounding five. The Irresistible and Gaulois made excellent practice on forts C and D while the Queen Elizabeth concentrated with great accuracy on fort A, putting both of its guns out of action by about 11:30 a. m.

"The Vengeance and Cornwallis then ran in under cover of long range fire and engaged fort A at close range. The reduction of fort A was completed while forts C and D opened a very slow and inaccurate fire.

"The Suffern and Charlemagne next delivered an attack on forts C and D advancing to within two thousand yards of them. It was then seen that they were in no condition to offer an effective resistance.

All Ports Reduced.

"The Vengeance, Triumph and Albion were then ordered in to complete the reduction of the forts. All four were reduced by 5:15 p. m.

"Sweeping operations, covered by a division of battleships and destroyers, were immediately begun. The enemy set fire to a village at the entrance as darkness fell.

"A report also has been received of the operations of February 6. The straits had been swept up to four miles from the entrance. The Albion and Majestic, supported by the Vengeance, proceeded to the limit of the swept area and began an attack on Fort Dardanus and some new batteries which had been erected on the Asiatic shore. The fire in reply was ineffective.

"After being shelled from inside the straits, the enemy retired from the forts at the entrance and, during the afternoon demolishing parties were landed at Kum-Kale and Seddul Bahr (Sedd-el-Bahr) from the Vengeance and Irresistible.

"Forts A, B and C were then completely and fort D was partially demolished.

"The enemy encountered in Kum-Kale were driven out over the Mender bridge, which was partially destroyed. Two new four-inch guns, concealed near the Tomb of Achilles, were also destroyed and four Nordenfeldts covering the entrance were destroyed. Our casualties on the 6th were one killed and three wounded."

SIR EDWARD GOSCHEN

British ambassador to Germany when the war broke out, one of the foremost statesmen of England and a valuable counselor of his government.

11 SHIPS ARE LOST IN BLOCKADE

AND TWO TEUTON SUBMARINES ARE MISSING.

Wilson Hints at Absolute Embargo On Exportation of Food Products to Both Sides.

London.—The German blockade of the British Isles has been in effect for a week with the result that, so far as known, two Norwegian, one French and five British steamers have been sunk or torpedoed by submarines, with the surprisingly small loss of four lives. Two of these steamers—the Belridge and the Dhorah—succeeded in reaching port.

On the other side of the account it is reported that two German submarines are missing and that a third had been hit and possibly sunk by a French destroyer.

Besides the vessels which fell victims to the submarines, two American and one Norwegian steamer have been sunk by mines in the North Sea. It is feared one or two British steamers have been lost, as they are several days overdue.

The blockade, however, has had the effect of increasing insurance rates and some neutral owners are keeping their ships in neutral waters. In addition to the loss of the merchantmen, the British admiralty has been impelled to give up hope for the armed steamer Clan MacNaughton, which had not been heard from since February 3, and which it is believed went down as did another armed merchantman, the Vikor during the storm which prevailed early in the month.

Americans Demands Insistent.

Washington.—Great Britain has submitted to her allies, France and Russia, the proposals made by the United States government designed to end the menace to neutral commerce arising from the retaliatory measures of the European belligerents toward each other.

Briefly the American proposals, which have been submitted to both England and Germany, seek the elimination by Germany of the recently prescribed war zone around Great Britain and Ireland with its dangers to neutral shipping through mines and submarine torpedoes and the adoption by all the belligerents of a definite policy with regard to the shipment of foodstuffs destined for the civilian population of their enemies.

Officials, while reticent about what has been said to Germany and Great Britain in the latest complications, do not deny that the gravity of the whole situation has been made unmistakably clear. In some quarters the suggestion was made, but without confirmation from sources usually well informed, that an embargo on exports of foodstuffs from the United States to both the allies and Germany was being considered as the next step in the event of an absolute rejection of the American plan for ameliorating the situation.

There is no concealment, either, of the feeling in high official quarters that if the present tension over the attitude of the belligerents continues and any American lives are proved to have been lost as a result of their activities, the Washington government may be called upon to abandon its present attitude of friendliness toward all the warring powers.

Government Wins Oil Lands.

Washington.—President Taft's withdrawal of oil lands in California and Wyoming in 1909 without empowering legislation was upheld by the supreme court and entry claims of individuals and corporations valued at hundreds of millions of dollars annulled thereby. President Taft withdrew the lands as a conservation measure and on June 25, 1910, congress passed a law ratifying his action. Oil corporations principally entered many tracts between the two dates.

PUTS PRICE ON HEAD OF STARR

GOV. WILLIAMS OFFERS \$1000 DOLLARS REWARD FOR CAPTURE.

IT IS PAYABLE DEAD OR ALIVE

Famous Bandit Believed To Have Committed Long Series of Oklahoma Bank Robberies After He "Reformed" in Colorado Pen.

Oklahoma City.—A reward of \$1,000 for Henry Starr and other bandits taking part in the daring raid on the State Bank of Carney December 29 is offered by the state in a proclamation issued by Governor H. L. Williams. A "dead or alive" clause is included in the proclamation.

This is the first reward offered by Governor Williams under the provisions of the recently passed bank robber bill empowering the chief executive to place a price on the heads of bandits, enacted by the legislature after a series of flagrant daylight robberies and successful safe-blowings had left the state agape.

The price of \$1,000 is the largest the governor is permitted by the bill to pay in a single case.

The holdup of the Carney bank was staged December 29 and netted the robbers nearly \$3,000 in cash. Early in January it was followed by several equally brazen robberies in rapid succession. The whole southwest was shocked, and the Oklahoma legislature was moved quickly to pass the hurriedly drawn bill which carried a \$1,000 appropriation to be paid for the capture or death of the highwayman and safe-blowers. A robbery at Teriton, in which Bob Moore, a deputy sheriff, lost his life, was the fearful climax to the series.

Many Banks Were Robbed.

During the interval between September 30 and January 13 thirteen banks were robbed and another, that of the Oklahoma State Bank at Preston was damaged to the extent of about \$1,200, though no money was secured.

Out of the number only in three cases were any of the looters caught. Bob Moore, an officer, was killed while trying to effect the capture of the robbers. Three were caught in this case. One afterwards pleaded guilty and was sentenced to thirty years in the penitentiary and another will be tried for the murder of the officer.

Two were caught in the robbery of the Farmers' National Bank at Tupelo on October 6 when \$800 was taken, and two were caught as being connected with the robbery of the Garber State Bank on January 13. One of these pleaded guilty and was given a sentence in the penitentiary.

Following is a list of the banks robbed since September 8 to January 13: September 8, Keystone State Bank, \$3,000; September 30, Kiefer Central State Bank, \$6,400; October 6, Farmers' National of Tupelo, \$800; October 14, Pontotoc Bank of Pontotoc, \$1,100; October 20, Byars State Bank of Byars, \$700; November 13, Farmers' State Bank of Glencoe, \$2,400; November 20, Citizens' State Bank of Wardville, \$800; December 16, Prue State Bank of Prue, \$1,400; December 29, Carney State Bank of Carney, \$2,853; January 4, Oklahoma State Bank of Preston, \$1,200 damage, no money taken; January 5, First National Bank of Owasso, \$1,500; January 12, First National Bank of Teriton, \$1,800; January 12, Garber State Bank of Garber, \$2,500; January 13, Vera State Bank of Vera, \$1,300.

Starr Noted Character.

Henry Starr, the only man named in the proclamation, is a brother of the famous Pony Starr of the Porum feud and is descended from Belle Starr, the picturesque woman bandit whose name is familiar to pioneers in Oklahoma. All his life is spotted with penitentiary intervals. He was convicted of murder in the Indian Territory many years ago and went to the federal penitentiary only to be pardoned by President Theodore Roosevelt.

He was confined in the Oklahoma penitentiary for robbery when the institution was located at Lansing, Kan. A parole signed by Governor C. N. Haskell gave him liberty.

He was doing time in the Colorado prison for robbing a bank at Amity in that state. His wife was formerly a school teacher in the eastern part of the state, and a very estimable woman. When Starr went to the penitentiary in Colorado he announced to the world that he had quit crime and decided to try to redeem himself.

Starr was finally paroled from the penitentiary after serving several years of his term. The next heard of him, however, was in Oklahoma.

Allies Proclaim German Blockade.

Washington.—All commercial intercourse by sea between Germany and the outside world was declared prohibited by Great Britain and France.

If this policy is enforced it will no longer be possible to ship cotton, manufactured articles and commodities of a non-contraband character from the United States to Germany directly or indirectly and from the latter country the supply of dyestuffs and other merchandise will be cut off entirely.

CALOMEL MAKES YOU SICK, UGH! IT'S MERCURY AND SALIVATES

Straighten Up! Don't Lose a Day's Work! Clean Your Sluggish Liver and Bowels With "Dodson's Liver Tone."

Ugh! Calomel makes you sick. Take a dose of the vile, dangerous drug to-night and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you feel sluggish and "all knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store or dealer and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful to-night and if it doesn't

straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

MAY BE COFFEE

That Causes all the Trouble

When the house is afire, it's about the same as when disease begins to show, it's no time to talk but time to act—delay is dangerous—remove the cause of the trouble at once.

"For a number of years," wrote a Kansas lady, "I felt sure that coffee was hurting me, and yet I was so fond of it, I could not give it up. At last I got so bad that I made up my mind I must either quit the use of coffee or die."

"Everything I ate distressed me, and I suffered severely most of the time with palpitation of the heart. I frequently woke up in the night with the feeling that I was almost gone—my heart seemed so smothered and weak in its action. My breath grew short and the least exertion set me panting. I slept but little and suffered from rheumatism."

"Two years ago I stopped using the coffee and began to use Postum and from the very first I began to improve. It worked a miracle! Now I can eat anything and digest it without trouble. I sleep like a baby, and my heart beats strong and regularly. My breathing has become steady and normal, and my rheumatism has left me."

"I feel like another person, and it is all due to quitting coffee and using Postum, for I haven't used any medicine and none would have done any good as long as I kept drinking with coffee." Name given by Postum Co., Hattie Creek, Mich. Read "The Road to Wellville," in pkgs.

Postum comes in two forms: Regular Postum—must be well boiled. 15c and 25 packages.

Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious, and cost per cup about the same. "There's a Reason" for Postum.

BROUGHT BACK NATURAL HEALTH

The Facts About an Interesting Case Of Serious Female Trouble Benefited By The Use of Cardui.

Walnut Cove, N. C.—Mrs. E. A. Rothrock, of this town, says: "About two years ago I was in very bad health for three or four months."

At this time I had a serious female trouble, which lasted severely for nine weeks. I got awfully weak and could scarcely go, and my doctor said I ought to be in bed.

My two sisters, who had used Cardui with good results and who now use it as a tonic, recommended it highly to me, saying it is a fine medicine.

I felt if I lived I must have something to help me, and as other medicines had failed to relieve me, I thought I would try Cardui, the woman's tonic. At this time I was almost skin and bones.

I seemed to improve after the use of the second bottle of Cardui. The trouble stopped. I suffered less pain, and began to get back my strength and health. I took five more bottles and got back my natural state of health, also my flesh, and could do my work easily.

This spring I was run down in health; had over-worked myself. I took nearly three bottles of Cardui, as a tonic, and it brought me back to my natural state of health.

Last week I put up 75 jars of fruit, which I could not have done before taking Cardui. I am glad I heard of it, and I hope other women will too."

Your case may not be as bad as the above, but even if only a mild case, we suggest that you begin today to try Cardui, the woman's tonic.—Adv.

IF BACK HURTS CLEAN KIDNEYS WITH SALTS

Drink Lots of Water and Stop Eating Meat for a While if the Bladder Bothers You.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.
